Sir:

Listed on accompanying IDS Forms, PTO/SB/08A and PTO/SB/08B, are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98.

Copies of documents **FP1** to **FP10** and **NPL1** to **NPL2** are submitted. However, in accordance with 37 C.F.R. § 1.98(a)(2), copies of U.S. patents and a patent application publication, **US1** to **US3** cited on the attached IDS Form PTO/SB/08A, are not submitted.

In accordance with 37 C.F.R. § 1.98(a)(3)A, Applicants' undersigned representative submits the following discussion of the relevance of the non-English language documents, **FP1**, **FP2**, **FP4**, **FP6**, **FP9**, and **FP10**, cited on Form PTO/SB/08A:

Document **FP2**, DE 31 30 633 A1, is in the German language. An English language equivalent of document FP2 is listed as document **US1**.

Document **FP4**, FR 2 794 745 A1, is in the French language. An English language abstract of document FP4 is cited as document **NPL1** and submitted herewith.

Document **FP9**, WO 2005/000851 A1, is in the German language. An English language abstract of document FP9 can be found on the face page of the published patent application.

Document **FP10**, WO 2005/056559 A1, is in the German language. An English language abstract of document FP10 can be found on the face page of the published patent application.

Documents **FP1** and **FP6** were cited in a search report by a foreign patent office in a counterpart foreign application. Submission of an English language version of the search report that indicates the degree of relevance found by the foreign office is provided in satisfaction of the requirement for a concise explanation of relevance. 1138 OG 37, 38. The search report is attached as document **NPL2** on the IDS Form, PTO/SB/08B.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached IDS Forms based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits. No statement or fee is required.

It is respectfully requested that the Examiner initial and return a copy of the enclosed IDS Forms, and indicate in the official file wrapper of this patent application that the documents have been considered.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
